

# Business Administration and Management

Associate of Arts/Science

## Suggested Degree Plan

The following suggested degree plan with an emphasis in Business prepares students for transfer to colleges and universities that offer bachelor degrees in various areas of business. Students interested in careers in business that are planning to major in accounting, business administration, finance, international business, management, or marketing should follow this curriculum. Coursework in accounting and economics will provide the foundation for specialized business study later in a BBA degree.
