Computer Information Technology

Associate of Applied Science

Panola College's Computer Information Technology curriculum is designed to meet the needs of individuals who need a generalized degree that will enable them to enter a highly technical workforce. Upon completion of the two-year Computer Information Technology program, the student will obtain an Associate of Applied Science degree. The degree provides the student with an understanding of computer concepts and competence in the functional application of computer information technology.

Academic advisor: Natalie Oswalt, (903) 693-2095, noswalt@panola.edu
