Statement of Mission

Panola College is dedicated to providing excellence in education. The range of educational offerings includes university transfer programs, workforce programs, instruction designed to increase academic proficiencies, and continuing education to enrich lives and improve skills. Our aim is to engage students to achieve success.

Student Services

Student Services offers services to all Panola College students, both in and out of the classroom, to provide them with unique opportunities to develop and enhance their personal, social, and educational identity.

Academic Advising

Academic Advising is required of all students, students required to take a preparatory course, and students enrolled in a certificate program and/or a Career and Technical field of study in order to register each semester.

We recommend that all students seek academic advisement each semester from the academic advisors in Student Services or the faculty advisor assigned in each program or Pathway.

If a student elects not to seek academic advisement, the College assumes no responsibility for any delay the student encounters in graduating because the student has selected classes which do not meet graduation requirements. Students may be automatically dropped from courses for which they do not have proper prerequisites.

Academic Advisors and Guidance

The primary function of the counseling program is to help students adjust to the College environment as well as provide academic and career counseling. Advisors also provide referral information when requested. Advisors may assist students with the selection of schools to continue further study. In addition, students should meet with departmental faculty advisors for additional information about courses of study, transfer options, and career planning. All new students, students required to take a developmental course, students in a certificate or Career and Technical field of study will be required to see an academic advisor prior to registration each semester.

Admissions and Records

Realizing that attending Panola College may be the first or only College experience for some, the staff strives to meet the students' concerns during the admission and registration processes, enabling them to benefit from the educational and social experiences available. This office is also responsible for the maintenance and security of the educational records that will be needed as students seek additional education, employment, and the fulfillment of personal goals. Students seeking admission may complete the Apply Texas Application to Two-Year Institutions online at <https://www.applytexas.org/>.

Bacterial Meningitis

Beginning January 1, 2012, Texas state law requires the following: All entering students under 22 years of age must provide documentation of receiving an initial bacterial meningitis vaccination dose or booster within the last 5 years. This includes all new and transfer-students, as well as former students who are re-enrolling after a break in enrollment. Students must show proof of having the vaccination at least 10 days prior to the start of the semester.

Campus Police

The campus police department is composed of certified law enforcement officers who have the power to enforce all Texas laws and College regulations on the property owned and operated under the direction of Panola College. The force serves the staff and students by helping to maintain the safety and security of each person and his/her possessions while on campus.

Rate of Speed on Campus

The maximum rate of speed on campus is 15 miles per hour.

Parking Areas for Students

Students are required to park between two YELLOW lines, whether it is parallel or diagonal parking. YELLOW curbs indicate no parking zones, RED curbs indicate fire zones, and BLUE curbs are reserved for people with handicapped certification. Student vehicles parked in these areas are subject to removal at the owner's expense. Additional information can be obtained at the Campus Police Department or by calling 903-693-1111.

Emergency Messages

Contact the College Police Department if a need arises to have an emergency message delivered to a student.

Student Right to Know

In compliance with the student right-to-know and campus security act, Panola College compiles specific information on campus crime statistics, campus security policies, and graduation rates. Panola College's police comply and distribute a brochure of pertinent information to students and employees on an annual basis. Federal law also requires that all institutions of higher education disclose graduation rates, on request, to students, applicants, and potential students. Graduation rates

for Panola College are compiled and available from the Admissions/Records Department and online at <http://www.panola.edu>.

Career Opportunities

Panola College attempts to assist students in career options. Interest assessment, investigating career options, and access to occupational information are provided on the website and advisors. Directors of career programs provide placement information to graduates of these programs. Finding employment is ultimately the student's responsibility.

Digital Signage

Students should read the digital signage on a regular basis for announcements of importance. Information is posted throughout the campus. Students are responsible for information posted.

Identification (ID) Cards (Panola Card)

New students are issued identification (ID) cards, also known as the Panola Card. ID cards can be obtained at the Matthews Student Center from the Residence Life. The Panola Card or ID Badge must be presented for admission to official College functions requiring an ID, the M.P. Baker Library, the Fitness Center, student activities, athletic competitions, dining hall services.

Fitness Center

The Panola College Fitness Center offers a variety of opportunities to enhance personal health. The Fitness Center has a fully equipped weight room, a full-size gym floor for basketball or volleyball, a yoga room, and many pieces of equipment to improve your cardiovascular health. The Fitness Center is open to all Panola College students and memberships are available to the community; please contact the Business Office for payment information. ID cards are required for entry to the Fitness Center and can be obtained from the Residence Life Office.

Health Services

The College offers no health care facility on campus. If an accident or emergency occurs on campus, first aid will be administered and, if needed, additional assistance will be requested from the local hospital's emergency service. The cost of any professional service is the responsibility of the student. Students are encouraged to have medical insurance coverage from a company of their choosing. Information concerning a sickness and accident insurance policy available to students and their dependents is available. Inquire in the Business Office.

Panola College does offer Mental Health Resources and can be found on the website at:

- [Mental Health Resources](#)

HIV/AIDS and Other Communicable Diseases

Panola College recognizes that students or employees with communicable diseases, including HIV infection, may wish to engage in as many of their normal pursuits as their condition and ability to perform their duties allow. These pursuits include attending classes or work. As long as these students or employees are able to meet acceptable performance standards, and medical evidence indicates that their conditions are not a threat to themselves or others, the administrators, faculty and staff should be sensitive to their condition and ensure that these individuals are treated consistently and equally with other students and employees.

At the same time, Panola College has an obligation to provide a safe environment for all students and employees. A student or employee with a communicable disease should report the condition to the Vice President of Student Services or to his/her immediate supervisor, as appropriate. The educational pamphlet on HIV infection developed by the Texas Department of Health is distributed to all employees and is available to students upon request.

Every precaution should be taken to ensure that a student's or employee's condition does not present a health or safety threat to others. The fact that a student or employee has a communicable disease does not relieve that individual of the requirement to comply with performance standards as long as

he/she is enrolled in classes or remains employed with the College. All efforts will be made to protect the student's or employee's right to confidentiality.

Lost and Found

A lost and found center will be maintained in the College's Business Office. The Vice President of Fiscal Services should be responsible for determining the status of items that remain unclaimed after a six-month period.

Panola College is committed to providing a barrier-free educational environment to the extent possible. To this end, every effort is made to ensure that programs and facilities are accessible to students with disabilities. Support Services are available to students to provide them with an equal opportunity to benefit from the educational offerings of the institution and to participate in the life of the university.

A disability, as defined by federal guidelines, is a physical or mental impairment that substantially limits one or more life activities such as walking, hearing, or seeing. Policies and Procedures

Student Rights, Responsibilities, Complaints, Grade Appeals, and Discipline Appeals

All students have student rights, responsibilities, and an avenue for complaint or appeal concerning issues with Panola College. Panola College encourages students to discuss these issues informally with the proper person first, and if they feel necessary for a more formal process then they follow the guidelines and policies set by the Panola College Board Policy.

Please select the board policy links below that refer to the issue:

Inclement Weather Policy

Panola College has scheduled its instructional program to comply with the Common Calendar of the Texas Higher Education Coordinating Board, as well as to meet instructional requirements for awarding credit hours earned. College instructors are obligated to meet all scheduled classes. If severe weather makes it necessary to cancel classes, the College Administration will notify students through emails, text messages, local television, and radio stations. If the College cancels classes then all work is delayed until the next class meeting or until a date determined by the instructor. If a student is in an area which experiences severe weather and the College has not officially closed, it is that student's responsibility to decide whether or not to attend

class. The student must then contact the instructor for information concerning make-up of work missed.

Panola College has teamed up with RAVE Mobile Safety Alert and its emergency notification system to send text and email messages to the College community, in the event of delays, closures, or emergencies at the College. Sign up for text and email messages in the event of Panola College delays, closures, or emergencies. To sign up, go to the Pony Alert section on the Campus Police webpage <https://www.panola.edu/about/campus-police>.

Those registering for emergency notification will be requested to give their name, email address and phone number. Please note that while signing up for PONY ALERT is free of charge, wireless carriers may charge users a fee to receive text messages.

Official Publications

All students should be knowledgeable and responsible for information published in the *Panola College Catalog*, the *Student Handbook*, the *Schedule of Classes* and other publications pertaining to policies and procedures.

Schedule of Classes

Courses to be offered each semester will be published online in the *Schedule of Classes* prior to the beginning of each semester. The *Schedule* includes meeting days, times, location, and instructor for each course. The schedules for each semester will be available online www.panola.edu. The College reserves the right to cancel any course section for any semester in which there is an inadequate number of registrants. The College may also change the instructor for a given course without prior notice.

Testing Fees

Students registering for fully online or hybrid courses may be charged a fee for the support online proctoring services, even if the student opts to take their online proctored examinations at an approved testing center.

Texas Common Course Numbering System

By joining the Texas Common Course Numbering System, Panola College simplified the transfer process for students by making transfer evaluation at the receiving school more standardized. Member schools have implemented a four-letter course prefix as well as a four-digit course number. For example, all schools in the system use ENGL as the prefix for English courses. The first digit in this number indicates the level or year of the course (for example, the number 1 would indicate a freshman-level course). The second number indicates the number of hours to be earned in the course. (For example, a 3 would indicate three College credit hours). The last two digits indicate the sequence of a course in a program of study. (For example, the numbers 01 would indicate that the course was the first of the sequence).

Core Curriculum

“Core curriculum” means the curriculum in creative arts, humanities, sciences, political, social, and cultural history that all undergraduate students of an institution of higher education are required to complete before receiving an academic undergraduate degree. Each institution of higher education shall adopt a core curriculum of no less than 42 semester credit hours, including specific courses comprising the curriculum. Refer to the *Panola College Catalog* for detailed information.

Field of Study

Prior to registration each semester, all students are required to see an advisor to be assisted in selecting their courses in order to stay on their Pathway. Several selected programs and majors are blocked and the students will be required to see an advisor each semester in order to register. The catalog of the transfer school should be studied carefully, making certain that the student takes only courses which are equivalent to those required by the senior College of his or her choice. Articulation agreements with universities indicate the courses that are equivalent to the specific degree requirements are available at Student Services.

Unit of Credit

The standard unit of credit at Panola College is the semester hour. One credit hour is awarded for each hour of lecture scheduled in a week of instruction in a semester. Generally, three hours of lab instruction in a week earn one hour of semester credit.

Student Load Information

A student enrolled in fewer than 12 semester hours will be classified as a part-time student. Individuals enrolled in 12 or more semester hours are classified as full-time students. A normal student load in a fall or spring semester for coursework is five academic or technical courses totaling from 14 to 17 hours of instruction. To this total, a student may add one-hour courses such as a physical education activity course. Students wishing to enroll in six academic courses and/or more hours in terms less than 16 weeks will need to secure the written permission of the Vice President of Instruction after providing documentation of past academic success. During a summer session, a normal load is 6 semester hours with the maximum load being 7 semester hours. During a 3-week mini-term, a load is 3 hours/1 course. During a Flex session, a normal load would be no more semester hours than the number of weeks of the flex session. Students enrolled in a full load of classes should not take more hours in a Flex session than the number of weeks in the flex session.

Determining the Grade Point Average

The following grades have the indicated number of points assigned for each semester hour of credit earned:

Letter Grade	Credits Earned
A (excellent)	4 grade points
B (above average)	3 grade points
C (average)	2 grade points
D (passing)	1 grade point
F (failure)	0 grade points
I (incomplete)	0 grade points
P (passing)	0 grade points

Although a "D" is considered passing at Panola College for College credit courses, some Colleges will not accept a "D" for transfer credit. The grade point average (GPA) is determined by dividing the total number of grade points earned by the total number of semester hours attempted.

1. Multiply the second digit of the course number by the grade point value assigned to the letter grade. Example: ENGL 1301 (3 semester hours) x 2 (value assigned to grade of C) = 6 grade points.
2. Repeat for each course.
3. Add all grade points earned.
4. Add the semester hours attempted in all courses taken.
5. Divide the sum of the grade points by the sum of the semester hours attempted.

Course	Semester Hours Attempted	Grade Earned	Grade Points
ENGL 1301	3	C	6
HIST 1301	3	D	3
BIOL 1411	4	B	12
MATH 1314	3	W	0
MUSI 1306	3	F	0
PHED 1109	1	B	3
	14		24

24 divided by 14 = 1.71 GPA

Preparatory courses are included in GPA calculation for each semester. These courses are not included in the cumulative GPA. However, they are included in determining the eligibility for financial aid and athletic eligibility.

College Preparatory Courses

Courses designated as preparatory will not count as credit toward any degree or certificate. Preparatory courses have four-digit numbers; the first digit is a "0". In the developmental studies program, a grade of "C" or better indicates satisfactory progress for advancement either to the next level within the preparatory program or into academic studies. A grade of "D" means the student will be retained in the same level in the developmental program, repeating the class. In the

case where a student has been given an "I", after the 6 weeks completion period the "I" may be changed to a regular grade.

Grade Reports

Official grades are available on-line through Campus Connect at the end of the semester. Registration holds may be added if money is owed to any department of the College. The instructors in the fall and spring semesters file mid semester deficiency grades of "D" or "F". Students may access the mid-term grades through Campus Connect. The grades do not become a part of the student's permanent record. Students that receive a deficiency are encouraged to make an appointment with the teacher to discuss the deficiency. Student Services will contact each student to see what courses could be useful to help the student's academic progress.

Adding and Dropping Courses

During a designated time (located in the current class schedule), students may change their schedules by dropping or adding courses. A fee is assessed for schedule changes. If it becomes necessary to "drop" a course after the schedule-change period has ended, students must contact the admissions office to get the link to the add/drop form. Students recommended to discuss with the teacher prior to dropping a class, and are highly recommended or mandated for students on scholarship or in performing arts/athletics, financial aid, or other programs to get permission prior to dropping a class. The withdrawal will become official once it is submitted to the Student Success Center. The grade of "W" (withdrawn) is given during the first 12 weeks of the semester. The grade of "W" has no negative effect on the student's GPA. If the student does not contact the Student Success Center and exits a class unofficially, the instructor will award a grade of "F".

Legislation was passed by the Texas Senate (SB 1231) in spring 2007 which could affect your College career. This legislation applies to all students entering a Texas public institution of higher education as a **first time freshman for fall 2007** and subsequent terms. Please read the following information carefully.

- Under section 51.907 of the Texas Education Code, "an institution of higher education may

not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education." Any course that a student drops is counted toward the six course limit if "(1) the student was able to drop the course without receiving a grade or incurring an academic penalty; (2) the student's transcript indicates or will indicate that the student was enrolled in the course (signified by a "W" grade at Panola College); and (3) the student is not dropping the course in order to withdraw from the institution."

- The legislation does provide for some exemptions that would allow a student to drop a course without having it counted towards this limit. Contact the Student Success Center for more information.
- This statute applies to all Texas public Colleges and universities. Therefore, a Panola College student affected by this statute that has attended or plans to attend another institution of higher education should become familiar with that institution's policies on dropping courses.
- Students should contact Student Services for more information before dropping a course.

Withdrawal from the College

When a student finds it necessary to leave College before the end of a semester, the student **must** notify Student Services. Instructions for clearing with the library and other departments will be given at the time of withdrawal. Students who fail to officially withdraw will receive the grade of "F". Ceasing to attend class does not constitute official withdrawal. Refer to the College calendar for the last day to withdraw with a "W".

Incomplete Grades

Incomplete ("I") is a temporary grade indicating that a student has satisfactorily completed the requirements of a course with the exception of a final examination or other work delayed by an illness, emergency, or authorized absence. The grade of "I" is neutral and is not included in any grade point calculation. The student must provide documentation to the instructor when requesting consideration for additional time. Before awarding an "I," the instructor must secure the permission of the Dean or Vice President of Instruction. The student must complete work within six weeks after

the end of the semester in which the grade was issued or receive an "F" for the course. Any exceptions must be approved by the Vice President of Instruction.

Repetition of Courses

If a course taken at Panola College is repeated, both grades will remain on the transcript but only the highest grade is counted in determining the total credit and overall GPA. It is the responsibility of the student to avoid inadvertently repeating a course. Panola College scholarships will not pay for a course repeated for the third time; students will be responsible for the "3 Peat" course.

Repetition of Courses for Grade Improvement

The only way a course grade may be raised is by repeating the course and earning a higher grade. If a course is repeated and a lower grade is earned, the highest grade becomes the grade of record.

Repeat Course Fees

The Texas Legislature has mandated that a course repeated by a student more than twice at a public institution of higher education may not be reported for state funding. For a course being "three-peated" (taken for a third time), students will be charged \$75 per semester credit hour (\$225 for a three hour course) in addition to tuition and required fees associated with the course. Courses in Developmental Studies are not affected by the supplementary fee. Scholarships do not pay for "three-peat" courses.

Transferred Courses

Course work accepted for transfer is posted to the student's Panola College transcript, but the grades are not calculated into the GPA. Proper course selection and the avoidance of duplicating course work remain the responsibility of the student. Panola College must receive official transcripts from all Colleges attended from all transfer students.

Scholastic Probation

Probation occurs when the quality of a student's work falls below the accepted standard of satisfactory progress. Scholastic probation is a

conditional permission for a student to continue in College. A student must maintain a cumulative "C" (2.0 GPA) on all course work completed and/or accepted in transfer to Panola College. A student who fails to achieve a 2.0 GPA after accumulating 12 semester hours will be notified of his/her probationary status. The student should visit with a counselor concerning recommendations for improvement. (Refer to the *General Catalog* for additional important information.)

A student on probation may not register for more than four academic courses and two one-hour courses without the approval of the Vice President of Instruction.

Students will have their status reviewed after the completion of each additional 12 semester hours. Should a student fail to achieve a cumulative 2.0 GPA at the end of the second consecutive evaluation, the student will receive notification that he/she must report for counseling before being allowed to register and continue on a probationary status. If a student fails to achieve a cumulative 2.0 GPA at the end of the third consecutive evaluation, he/she will be placed on academic suspension. Students on probation who achieve a "C" (2.0 GPA) for any given semester will be allowed to continue on probation for the next semester even though the cumulative average is below 2.0. Students on probation for the third consecutive semester who do not have a "C" average for the immediately preceding semester will not be allowed to attend Panola College for the next long semester.

Scholastic Suspension

A student on scholastic suspension is denied the privilege of registering for one spring or fall semester, as appropriate. Following the semester of suspension, the student may re-enroll on a probationary status. The student remains on probation until a cumulative 2.0 or better GPA is earned. Students who have been on suspension from Panola College or another college, who are allowed to register, must earn a "C" average on courses attempted that semester, or they will be suspended for one year. NOTE: Exceptions to this policy may be made through written appeal to the Vice President of Instruction. Students may enroll in the summer sessions without restriction. Students who are on scholastic suspension or probation may attend summer school for the purpose of raising their grade point averages

Class Attendance

Regular and punctual attendance of classes and laboratories is required of all students. When a student has been ill or absent from class for approved extracurricular activities, he or she should be allowed, as far as possible, to make up for the missed work. If a student has not actively participated by the census date, they will be dropped by the instructor for non-attendance. This policy applies to courses that are in-person, online, hybrid, and hyflex.

Attendance in online courses is determined by submission of an assignment or participation in an activity. According to federal guidelines, simply logging into a distance learning course without participating in an academic assignment does not constitute attendance. Distance learning is defined as when a majority (more than 50%) of instruction occurs when the instructor and students are in separate physical locations. Students must engage in an academic activity prior to the course census date.

When an instructor feels that a student has been absent to such a degree as to invalidate the learning experience, the instructor may recommend to the Vice President of Instruction that the student be withdrawn from the course. Instructors may seek to withdraw students for non-attendance after they have accumulated the following number of absences:

Fall or spring semesters:

3 or more class meeting times per week - 5 absences

2 class meeting times per week - 3 absences

1 class meeting per week - 2 absences

The student is responsible for seeing that he or she has been officially withdrawn from a class. A student who stops attendance in a class without officially withdrawing from that class will be given a failing grade; consequently, the student must follow official withdrawal procedures in the Admissions/Records Office.

Please note: Health Science and Cosmetology courses may require more stringent attendance policies based on their accreditation agencies. Please see the addendum and/or program handbook for further information concerning attendance.

Religious Holy Days

In accordance with Section 51.911, Texas Education Code, Panola College shall allow a student who is absent from class for observance of a religious holy day to take an examination or complete an assignment scheduled for that day within one week after the absence if, not later than the 15th day after the first day of the semester, the student notifies the instructor of each class the student had scheduled on that date that the student would be absent for a religious holy day. Notifications of planned absences must be in writing and must be delivered by the student either personally to the instructor of each class, with receipt of the notification acknowledged and dated by the instructor; or by certified mail, return receipt requested, addressed to the instructor of each class. Panola College may exclude from these policies and procedures any student absence for religious holy days which may interfere with patient care.

Texas Success Initiative Plan (TSI) Class Required Attendance

The student who has not satisfactorily completed the TSI testing requirement must be enrolled and participate continuously (every semester) in developmental education in at least one subject area, as determined by the institution unless they are enrolled in an exempt program. The student who is excessively absent from the required class or does not participate in the course work will be assigned a grade of "F" for the course.

Change of Name or Address

A student who changes his or her name, residence or mailing address should notify the Admissions/Records Office immediately. All name changes must be accompanied by official documents such as driver's license, marriage license, divorce decree or social security card. Any official communication from the College which is mailed to the name and permanent address on record is considered to have been properly delivered; therefore, the student is responsible for any lack of communication which results in record errors. The Panola student email account address will not be updated due to a name change.

*(**Policy subject to change based on guidance received from the Texas Higher Education Coordinating Board.)*

Section 1: Purpose

Panola College welcomes pregnant and parenting students as a part of the student body. This institution is committed to providing support and adaptations for a successful educational experience for pregnant and parenting students.

This policy ensures that students receive equal access to educational opportunities and appropriate support at Panola College in compliance with Texas Senate Bill 412. The passage of Texas Senate Bill 412 provides guidance that "an institution of higher education may not require a pregnant or parenting student, solely because of the student's status as a pregnant or parenting student or due to issues related to the student's pregnancy or parenting" to take leave of absence or withdraw from the student's degree or certificate program, limit the students' studies, participate in an alternative program, or change the student's major, degree, or certification, or refrain from joining or cease participating in any course, activity, or program at the institution. This legislation means that the student will be required to meet the same academic standards as other Panola students but will have access to the support and reasonable accommodations to support them in meeting those academic standards.

Accommodation requests due to pregnancy-related complications should be directed to Accommodations & Disability Support office.

Section 4: Individualized Support and Accommodations

4.1 Panola College does not require a pregnant or parenting student, solely because of the student's status as a pregnant or parenting student or due to issues related to the student's pregnancy or parenting, to:

Panola College Student Free Speech and Antisemitism Policy (effective June 25, 2024) Introduction

Panola College is committed to upholding the principles of free speech while maintaining an environment that is respectful and inclusive for all members of our community. This policy outlines our approach to free speech and specifically addresses actions to combat antisemitism on our campus, aligning with the directives of Texas Governor's Executive Order GA-44.

Free Speech and Expression: Panola College values the freedom of speech and expression as fundamental rights for all students and staff. This includes the right to express opinions, engage in civil discourse, and peacefully protest, provided such actions do not infringe upon the rights and safety of others.

Antisemitism Definition: In accordance with Section 448.001 of the Texas Government Code, Panola College adopts the definition of antisemitism as: "A certain perception of Jews, which may be expressed as hatred toward Jews. Rhetorical and physical manifestations of antisemitism are directed toward Jewish or non-Jewish individuals and/or their property, toward Jewish community institutions and religious facilities."

Prohibited Conduct

Any speech or action that targets individuals or groups based on their Jewish identity, religion, or ethnicity and falls within the definition of antisemitism is strictly prohibited.

Conduct that promotes or incites violence, harassment, discrimination, or intimidation against Jewish individuals or groups is not tolerated.

Disciplinary Measures

Violations of this policy, including acts of antisemitism, will be subject to disciplinary action as outlined in the Student Code of Conduct.

Sanctions may include warnings, educational interventions, probation, suspension, or expulsion, depending on the severity and recurrence of the offense.

Implementation and Enforcement

This policy will be prominently featured in the Panola College Student Handbook, Faculty Handbook, and Employee Handbook which are accessible to all students, faculty, and staff.

The Student Services offices and relevant campus authorities will oversee the implementation and enforcement of this policy. Reports of antisemitic incidents or concerns should be promptly reported to designated campus officials for investigation and appropriate action.

This supervision may be on the Panola College campus or at any testing center approved by the Digital Learning

Department. The decision to require face-to-face proctoring as the result of an academic honesty issue is not appealable.

Students caught or suspected of cheating in their online coursework are subject to disciplinary measures as defined by the course syllabus and student handbook. These measures include (but are not limited to) the failure of the assignment in question, the final course grade and requirement to test in a Panola College testing Center for the rest of the semester for all online courses.  - b. Students are required to bring a photo ID. The preferred IDs are the college student ID with photo or current driver's license with photo.

4. Instructors can require additional requirements at their discretion
 - a. Must be put in syllabus
 - b. Approved by Department Chair

Online Monitoring

Student Conduct

While a student may receive lesser penalties for these offenses, it should be understood that dismissal from the College is possible in those cases warranting the maximum punishment. While it is not possible to list all behaviors inconsistent with membership in a scholarly community, the regulations listed in this section do identify the behavior that can lead to suspension from the College.

Some of the offenses described below are crimes in Texas and may be prosecuted independently of any disciplinary action taken by Panola College. Neither intoxication nor the use of any other drug shall serve as a defense or mitigate the seriousness of an offense. All student organizations are subject to the same regulations as those that apply to individuals. Violation of these policies will subject the organizations and/or individuals involved to appropriate discipline. All students shall obey the law, show respect for properly constituted authority, and observe correct standards of conduct.

Directive of a College Official

tobacco products and any electronic smoking or vapor emitting device shall be prohibited on all property owned or operated by Panola College. Disruptive behavior in a classroom or residence hall is judged to be a disturbance. Such steps taken by the instructor should be taken after consultation with the Vice President of Instruction.

Dress Code

Students' dress or grooming may not materially and substantially interfere with normal school operations. Students are expected to follow accepted standards of common decency in their mode of dress. Health regulations require acceptable foot coverage be worn in public places. All Health Science and other Career and Technical students should inquire of their teachers regarding departmental dress codes.

Gambling

Any student who participates in gambling on College-controlled property will be subject to disciplinary action.

Harassment

The College prohibits any harassment related to a person's race, color, sex, sexual orientation, religion, national origin, age, disability or genetic

An employee or student who believes that he or she has been or is being subjected to any form of sexual harassment shall bring the matter to the attention of a College Vice President or an immediate supervisor in accordance with the procedures in the College's complaints policy. Bad faith allegations or use of the policy for purposes unrelated to its clear intent are expressly prohibited and could result in expulsion.

Hazing

Hazing of any kind is prohibited. [Education Code, Chap. 37; Texas Penal Code] Hazing is a criminal offense in the State of Texas. Hazing means any intentional, knowing, or reckless act occurring on or off school property directed against a student, by one person alone or acting with others, that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in,

or maintaining membership in any organization whose members are or include other students. Student means any person who is registered in or in attendance at an educational institution, has been accepted for admission at the educational institution where the hazing incident occurs, or intends to attend an educational institution during any of its regular sessions after a period of scheduled vacation. Hazing with or without the consent of a student; a violation of that prohibition renders both the person inflicting the hazing and the person submitting to the hazing subject to appropriate discipline. (See FLBC)

Initiations by organizations may include no feature that is dangerous, harmful, or degrading to the student; a violation of this prohibition renders the organization subject to appropriate discipline.

The term includes, but is not limited to:

1. Any type of physical brutality, such as whipping, beating, striking, branding, electric shocking, placing of a harmful substance on the body, or similar activity.
2. Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
3. Any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug or other substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
4. Any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages, the student from entering or remaining registered in an educational institution or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described above.
5. Any activity that induces, causes, or requires the student to perform a duty or task that involves a violation of the Penal Code.

 1. Engages in hazing.

2. Solicits, encourages, directs, aids, or attempts to aid another in engaging in hazing.
3. Recklessly permits hazing to occur.
4. Has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or first-hand knowledge that a specific incident has occurred, and knowingly fails to report that knowledge in writing to the President or designee.

- B. An offense under this section is a misdemeanor punishable by a fine of not less than \$5,000 not more than \$10,000 or if a court finds that the offense caused personal injury, property damage, or other loss, the court may sentence the organization to pay a fine of not less than \$5,000 nor more than double the amount lost or expenses incurred because of such injury, damage, or loss.

Consent Not A Defense:

It is not a defense to prosecution of an offense under this subchapter that the person against whom the hazing was directed consented to or acquiesced in the hazing activity.

Immunity from Prosecution:

Any person reporting a specific hazing incident involving a student in an educational institution to the Vice President of Student Services or other appropriate official of the institution is immune from liability, civil or criminal, that might otherwise be incurred or imposed as a result of the report. Immunity extends to participation in any judicial proceeding resulting from the report. This section does not protect a person reporting in bad faith or with malice.

Offenses in Addition to Other Penal Provisions:

This subchapter does not affect or repeal any law of this state. Nothing in this subchapter shall limit or affect the right of an educational institution to enforce its own penalties against hazing.

Indecent Conduct

The College prohibits conduct which is indecent, lewd, or obscene (includes, but is not limited to indecent exposure, public urination, and public nudity). Punishment of probation, fine, or suspension will be given due to the severity of the incident.

Pet Policy

For hygienic and safety purposes pets are not permitted in Panola College Residence halls. This includes but is not limited to animals, reptiles, fish, insects, spiders, birds, and rodents.

Panola College Animals on College Property:

Panola College seeks to uphold federal, state, and local laws and regulations; ensure the health and safety of its community; preserve the integrity of its grounds, buildings, and other property; and support a healthful educational environment that respects the rights of all individuals, therefore pets are not allowed on campus, except for the instances described and permitted in the following information. Service animals are welcome in all buildings on campus and may attend any class, meeting, or other event. Individuals with documented disabilities residing on campus may request as an accommodation that a service or therapy animal be allowed to reside in the campus residence; however, therapy animals are not permitted anywhere outside of the individual's assigned living space except as otherwise provided by this policy. All students requesting to have a service/therapy animal in the residence halls must initiate the approval process with the Accommodations Disability Support Coordinator at Panola College for reasonable accommodations in residence halls. Reasonable documentation will be required for approval of the person's disability and that the accommodation is needed. The student must provide documentation from a physician, psychiatrist, social worker, or other mental health professional that the animal provides support that alleviates at least one of the identified symptoms or effects of the existing disability. All students must comply with all requirements for approval by Accommodations Disability Support. Reasonable behavior is expected from the animals while on campus. If the animal exhibits unacceptable behavior, the handler is expected to employ the proper training techniques to correct the situation. Consideration of others must be taken into account when providing for the maintenance and hygiene of service animals. Additionally, specific guidelines have been established concerning service and therapy animals living in a campus residency environment.

Section I: Definitions

- A. Handler: A person with a disability using a service animal; a person who has received

approval for a therapy animal accommodation; or a person in possession of an animal for recreation on campus.

- B. **Service Animal:** Any animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the handler's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purpose of this definition.
- C. **Therapy Animals:** An animal that works, provides assistance, or performs tasks for the benefit of an individual with a disability or provides emotional support or therapeutic benefits that alleviate one or more of the identified symptoms or effects of a person's disability; however, the animal is not required to be individually trained or certified to perform such task. Therapy animals include "emotional support animals" and "assistive animals" used to support individuals with mental disabilities. These animals may provide crime deterrent effects or emotional support, well-being or comfort.
- D. **Recreational Animals:** A domestic animal used for sport, companionship, or other non-service/assistance functions. Recreational animals are not allowed inside college facilities.
- E. **Unauthorized Animal:** Any animal not controlled by a leash or harness, unless the animal is a service animal and the handler is unable because of disability to use a leash or harness or if the lease or harness restricts the service animal to function appropriately as such. Also, any animal that exhibits violent, uncontrollable, aggressive, or unhealthy behavior, including service and therapy animals.

Section II: Service Animals

- A. **College Responsibility**
 - a. Allow service animals to accompany the handler to all areas of the facility where the handler is normally allowed to go. A handler may not be segregated from other similar members of the campus community, except where there is real

danger to the animal. Exceptions to the exclusions will be reviewed on a case-by-case basis.

- b. Not to pet, feed, or deliberately startle/disturb a service animal.
 - c. Not to separate, or attempt to separate, service animals from their handlers.
 - d. Provide handlers living on campus with an area for relieving and grooming their animals.
- B. **Inquiries**
 - a. When it is not obvious what service an animal provides, the handler may be asked if the animal is a service animal required for a disability and/or what work or task the animal has been trained to perform. If a student's answers to the two inquiries permitted by the ADA do not provide the information necessary for the institution to make a decision that the animal is a service animal, the institution may require additional information.
 - b. If it is a disability and animal's duties are obvious, staff may not ask about the person's disability, require medical documentation, require certification of the dog's training, or ask that the dog demonstrate its ability to perform the work or task.
 - c. Use of animals other than dogs as service animals will be reviewed based on the inquiries and exceptions listed below and allowed by law.
 - C. **Service Animal in Training**
 - a. Individuals who desire an accommodation for a service animal in training must also abide by all relevant provisions of this policy.
 - b. An animal being trained to be a service animal will be treated as a fully trained animal when accompanied by a handler and identified as such.
 - D. **Exceptions**
 - a. Service animals may be denied or removed if:
 - a. The animal is out of control and its handler does not take effective action to control it;
 - b. The animal is not housebroken (i.e., trained so that, absent illness or accident, the animal controls its waste elimination);
 - c. The animal poses a direct threat to the health or safety of others that cannot be eliminated or reduced to an acceptable level by a reasonable accommodation.

Section III: Therapy Animals

A. Inquiries

- a. Requests for therapy animals may be made by individuals with documented disabilities residing on campus or commuters taking classes on Panola College campuses.
- b. If the animal does not meet the definition of service animal, the resident must engage in a reasonable accommodation request with the Accommodations Disability Support Coordinator.
- c. Residence Life or Accommodations Disability Support Coordinator may ask individuals who have disabilities that are not readily apparent or known to the college official to submit reliable documentation of a disability and their disability-related need for a therapy animal within the residence hall. The individual is not required to disclose medical information that is overly intrusive and invasive in order to receive an accommodation.
- d. A person qualifies for reasonable accommodation if:
 - i. The person has a documented disability;
 - ii. The animal is necessary to afford the person with a disability an equal opportunity to use and enjoy the residence halls; and
 - iii. There is an identifiable relationship between the disability and the assistance the animal provides.

B. Exceptions

- A. Therapy animals may be denied or removed if:
 - a. The specific therapy animal would impose an undue financial and administrative burden or would fundamentally alter the nature of the residence halls and/or classroom.
 - b. The specific therapy animal in question poses a direct threat to the health or safety of others that cannot be reduced or eliminated by another reasonable accommodation, or
 - c. The specific therapy animal in question would cause substantial physical damage to the property of others that cannot be reduced or eliminated by another reasonable accommodation.

Section IV: Handler or Owner Responsibility

A. Authorized Animals

- a. Handlers must abide by all state laws, city ordinances related to animals in the city of Carthage, Marshall, or Center, and Panola College guidelines, including but not limited to:
 - i. All animals in the city must have a valid license and tag issued if the city deems necessary. Annual renewal of the license and tag may be required annually.
 - ii. The handler is required to provide a collar or harness for the license and vaccination tags to be affixed. Handler shall see that the animal wears the collar and tags at all times.
- b. Handler is liable for damages caused by the service animal, therapy animal, or recreational animal.
- c. Handler is responsible for the care and supervision of a service animal, therapy animal, or recreational animal.
- d. Handler must have full control of the animal at all times. Animals may not run at large; a leash or harness is required unless the handler is unable because of disability to use a leash or harness or it restricts the animal's ability to function appropriately.
- e. Disturbing animal vocalization must be kept to an absolute minimum.
- f. Handlers must relieve animals in designated locations designated behind the current campus laundry mat on the grass. All feces must be picked up and sealed in a sealed container and disposed of in an outdoor trashcan.
- g. Handler must observe housing and food service establishment guidelines. Therapy animals are not permitted in dining hall or any other buildings on campus.
- h. All service/therapy animals must have an annual clean bill of health from a licensed veterinarian. Animal's cleanliness is mandatory in the campus environment.
- i. Vaccinations must be current and based on a veterinarian's recommendations. Handler must provide evidence of updated vaccinations and licensure, where common and applicable to the type of animal registered. Evidence of such compliance must be provided to the Accommodations Disability Support Coordinator annually.

- j. Daily grooming and occasional baths (at a vet, pet care establishment, or a family home) should be undertaken to keep the service animal's odor to a minimum.
 - k. Parasite control is essential and adequate preventative measures must be taken. If a parasite problem develops, it must be dealt with immediately and in an effective manner. In the event a parasite problem is not eliminated by the handler, the college will exterminate the property and assess the handler the standard extermination fee.
- B. Unauthorized Animals**
- a. In the event an unauthorized animal is discovered on or in college property, except residence halls, the College Police Department should be notified immediately. The responding officer may take appropriate action, up to and including ordering the handler or owner to remove the unauthorized animal from college property or by contacting the Carthage Animal Control Officer who will take possession of the animal and remove it from campus.
 - b. In the event an unauthorized animal is discovered in a college residence hall, the appropriate residence hall staff shall be notified immediately. The residence hall staff will attempt to contact the owner/handler of the unauthorized animal for removal. If the owner/handler cannot be contacted, the residence hall staff will contact the College Police Department for removal as indicated in this policy.

Section V: Residence Life and Food Service Guidelines

- A. Occupants of campus housing are not permitted to keep pets.
- B. Service animals are permitted to accompany the individual with a disability to all areas of the facility where persons are normally allowed to go.
- C. Therapy animals are not permitted anywhere outside of the individual's assigned living space or classrooms; exceptions may be made on a case-by-case basis from Residence Life or Accommodations Disability Support.
- D. Service/therapy animals should be kept under control. Animals should always be on a leash except where in the student's room with the

door closed unless the leash restricts the service animal's ability to function appropriately.

- E. Animal food should be kept in a covered storage container to deter pests.
- F. Animal's paws must be kept off tables, trays, and food service counters at all times.

Probation Violation

Any student on disciplinary probation can be suspended, while on probation, if he/she commits the same offense or another offense.

Prohibited Weapons

A student shall not knowingly, intentionally, or recklessly go onto school property or to a school-sponsored activity with any prohibited weapon, as defined below, unless pursuant to written regulations or written authorization of the College. This prohibition shall not normally apply to school supplies such as pencils, compasses, scissors, and the like, unless those instruments are used in a menacing or threatening manner. Students found to be in violation of this policy shall be subject to appropriate disciplinary action, including suspension.

Appendix

Panola College is required by federal and state law to provide the following information on certain diseases, the Panola College Alcohol and Drug Policy, and campus safety to all incoming students.

Important Information about Bacterial Meningitis

This information is being provided to all new College students in the state of Texas. Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast – so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on College campuses, leading to 5-15 deaths among College students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

What Are the Symptoms?

- High fever
- Lethargy
- Stiff neck
- Rash or purple patches on skin
- Severe headache
- Nausea
- Light sensitivity
- Vomiting
- Seizures, Confusion and sleepiness

There may be a rash of tiny red-purple spots caused by bleeding under the skin. These can occur anywhere on the body.

The more symptoms, the higher the risk, so when these symptoms appear, seek immediate medical attention.

How is Bacterial Meningitis Diagnosed?

- Diagnosis is made by a medical provider and is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood tests.

Early diagnosis and treatment can greatly improve the likelihood of recovery.

How is the Disease Transmitted?

- The disease is transmitted when people exchange saliva (such as by kissing, or by sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions.

What are the Possible Consequences of the Disease?

- Death (in 8 to 24 hours from perfectly well to dead)
- Gangrene
- Permanent brain damage
- Coma
- Kidney failure
- Convulsions
- Learning disability
- Limb damage (fingers, toes, arms, legs) that requires amputation
- Hearing loss, blindness

Can the Disease be Treated?

- Antibiotic treatment, if received early, can save lives, and chances of recovery are increased. However, permanent disability or death can still occur.
- Vaccinations are available and should be considered for:
 - Those living in close quarters.
 - College students twenty-nine years old or younger.
- Vaccinations are effective against four of the five most common bacterial types that cause 70% of the disease in the U. S (but do not protect against all types of meningitis)
- Vaccinations take seven-ten days to become effective, with protection lasting three-five years.
- The cost of vaccine varies so check with your health care provider.
- Vaccination is very safe – most common side effects are redness and minor pain at the injection site for up to two days.
- Vaccination may be available at your health care provider or local or regional Texas Department of Health office.

How Can I Find Out More Information?

- Contact your own health care provider.
- Contact your local or regional Texas Department of Health office at 903-693-9322 (Carthage).
- Contact websites: www.cdc.gov/ncidod/dbmd/diseaseinfo or www.acha.org

PANOLA COLLEGE Infectious/Communicable Disease Policy

Panola College actively promotes the good health, safety, and well-being of students and employees to such extent or degree as possible while prohibiting discrimination against persons afflicted with communicable diseases.

Communicable disease is defined as any condition which is transmitted directly or indirectly to a person from an infected person or animal through the agency of an intermediate animal, host, or vector, or through the inanimate environment. Communicable disease includes, but is not limited to: influenza; tuberculosis; conjunctivitis; infectious mononucleosis; pertussis (whooping cough); acquired immune deficiency syndrome (AIDS), AIDS-related complex (ARC), positive HIV antibody status; hepatitis A, B, C and D; meningitis; community associated methicillin-resistant

staphylococcus aureus (CA-MRSA); Coronavirus (COVID-19); measles; West Nile virus; Ebola; and sexually transmitted diseases.

Bacterial Meningitis: Texas Education Code, §51.9192, Subchapter Z, establishes the requirement for bacterial meningitis vaccination for certain students and identifies exceptions to that requirement. Typically, all entering students who are less than 22 years of age must show proof of having received a bacterial meningitis immunization or booster within the five-year period immediately preceding enrollment.

Infectious/Communicable Disease Procedures:

Persons who know or who have reason to believe they are infected with a communicable disease have an obligation to conduct themselves in accordance with such knowledge in order to protect themselves and others. Students and employees who have communicable diseases, whether symptomatic or not, will be allowed regular classroom and work attendance in a non-restrictive manner, as long as they are able to attend classes and/or work and do not pose a medically proven threat for transmission of the disease or condition. Therefore, when there is no medical justification for restricting the access of students and employees who have communicable diseases, they will be allowed access to all College facilities and services. All medical information related to the communicable diseases of students and

employees will be kept confidential and no person, group, agency, insurer, employer, or institution will be provided any medical information without the prior, specific written consent of a student or employee unless providing such information is required by state and/or federal law.

Employee Self-Monitoring Requirements in Relation to Coronavirus (COVID-19):

Anyone showing the following symptoms should not report to campus and should contact their supervisor immediately to make alternate working arrangements:

- Having recently traveled to or been on a cruise to any high-risk areas for transmission of COVID-19 within the U.S. or other countries.

Return to Work Criteria – COVID-19

Should an employee test positive for COVID-19, the following criteria will be used for their return to work:

1. The employee certifies in writing that the employee is fever-free and has been completely symptom free (no cough, chills, or other symptoms consistent with COVID-19) for at least three (3) days; and
2. At least fourteen (14) calendar days have passed since the employee first exhibited symptoms. Or
3. The employee provides documentation from a medical provider confirming that the employee can return to work, and that the employee had a negative test for COVID-19. Even with a medical release, the employee cannot return within seventy-two (72) hours of being screened with fever.

On-Campus Safety Measures:

- Employees and students should maintain six feet separation where possible, which will be reinforced through signs, posters, and markings on the floors.
- Employees are required to wear face coverings in all common areas and any time the six-foot separation barrier cannot be maintained.
- Everyone should practice the following safety measures:
 - Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
 - If soap and water are not readily available, use a hand sanitizer that contains at least 60% alcohol. Cover all surfaces of your hands and rub them together until they feel dry.
 - Avoid touching your eyes, nose, and mouth with unwashed hands.
 - Avoid close contact.
 - Avoid close contact with people who are sick, even inside your home. If possible, maintain six feet between the person who is sick and other household members.
 - Put distance between yourself and other people outside of your home.
 - Remember that some people without symptoms may be able to spread a virus.
 - Stay at least six feet (about 2 arms' length) from other people.
 - Do not gather in groups and stay out of crowded places.
 - Keeping distance from others is especially important for people who are at higher risk of getting very sick.
 - Cover your mouth and nose with a cloth face cover when around others.
 - You could spread germs to others even if you do not feel sick.
 - Cover coughs and sneezes
 - Throw used tissues in the
 - Immediately wash your hands.
 - Clean and disinfect frequently touched surfaces daily.
