Alternate Operations During Campus Closure

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Panola College to move to altered operations. During this time, Panola College may opt to continue delivery of instruction through methods that include, but are not limited to: online learning management system (CANVAS), online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor Panola College's website (www.panola.edu) for instructions about continuing courses remotely, CANVAS for each class for course-specific communication, and Panola College email for important general information.

Student Basic Needs

Unexpected circumstances may arise, but Panola College offers various resources to support students. If you need mental health services or are facing challenges with transportation, affording class materials and supplies, or accessing food regularly—issues that may impact your class performance—please visit panola.edu/resources.

Class Attendance

Regular and punctual attendance of classes and laboratories is required of all students. When a student has been ill or absent from class for approved extracurricular activities, he or she should be allowed, as far as possible, to make up for the missed work. If a student has not actively participated by the census date, they will be dropped by the instructor for non-attendance. This policy applies to courses that are in-person, online, hybrid, and hybrid.

Attendance in online courses is determined by submission of an assignment or participation in an activity. According to federal guidelines, simply logging into a distance learning course without participating in an academic assignment does not constitute attendance. Distance learning is defined as when a majority (more than 50%) of instruction occurs when the instructor and students are in separate physical locations. Students must engage in an academic activity prior to the course census date.

When an instructor feels that a student has been absent to such a degree as to invalidate the learning experience, the instructor may recommend to the Vice President of Instruction that the student be withdrawn from the course. Instructors may seek to withdraw students for non-attendance after they have accumulated the following number of absences:

Fall or spring semesters:

3 or more class meeting times per week - 5 absences

2 class meeting times per week - 3 absences

1 class meeting per week - 2 absences

The student is responsible for seeing that he or she has been officially withdrawn from a class. A student who stops attendance in a class without officially withdrawing from that class will be given a failing grade; consequently, the student must follow official withdrawal procedures in the Admissions/Records Office.

Please note: Health Science and Cosmetology courses may require more stringent attendance policies based on their accreditation agencies. Please see the addendum and/or program handbook for further information concerning attendance.

Pregnant/Parenting Policy

Panola College welcomes pregnant and parenting students as a part of the student body. This institution is committed to providing support and adaptations for a successful educational experience for pregnant and parenting students. Students experiencing a need for accommodations related to pregnancy or parenting will find a Pregnancy and Parenting Accommodations Request form in the Student Handbook or may request the form from the course instructor.

Artificial Intelligence (AI) Course Policy

AI is a helpful tool for research; therefore, it may be used by students for research purposes. However, the goal of this course is for students to gain a particular set of skills and knowledge, as stated in the instructional goals, learning outcomes, and course content of this syllabi. Students who use AI to complete their work for an easy grade rather than for the acquisition knowledge (research) are hindering their academic growth. Consequently, the instructor, whose expertise is the basis for assessing student development, reserves the right to change a student's grade on any work that provably or suspiciously violates these goals. In cases of disputed grades, an instructor may require students to repeat their performance on a course assignment in a controlled environment and without the use of AI to demonstrate the true acquisition of course skills and knowledge. The refusal or failure to repeat the performance shall be considered the acceptance of the originally assessed grade.

Instructional Goals and Purposes

Reciprocally, students are expected to take notes, listen proactively, ask questions, conduct research, and read the textbook.

Video and Audio Recordings: At the instructor's discretion, students are welcome to make audio recordings of the class lectures for their personal study use. The instructor reserves the right to make class recordings for educational purposes and recordings of personal encounters with students for appeal and legal defense purposes. No recording will be used to violate a student's FERPA rights.

Major Assignments/Assessments

The following items are assigned and assessed during the semester and used to calculate the student's final grade.

Assignments

Assignments

1. *Exams:* Exams will be administered over assigned course materials. The number and style of the exams may vary based on the instructor and the length of the course.
2. *Competencies:* Competency assignments will constitute a portion of the class grade. The purpose of these assignments is to measure how well students have achieved the learning outcomes of the course. The total number of competency assignments may vary based on the instructor and course length.
3. *Participation:* Students will receive a participation grade in the course. The grade will consist of routine assignments and class attendance. The assignments will cover the course materials, such as readings, lectures, videos, etc. The number and style of assignments will vary based on the length of the semester and the individual instructor. Each student's class attendance will also be recorded and added to the participation grade. The weight attendance has on the grade will vary based on the length of the course. At all times, this course adheres to the college attendance policy found in the student handbook. Students should understand that excessive absences "invalidate the learning experience" and may result in a student being withdrawn from the course and receiving a failing grade.

4. **Make-up Work**: The instructor has full discretion on the allowance of make-up work for missed assignments, including exams. Make-up work will only be given for serious causes, such as medical emergencies or family death. The instructor may require documentation as proof of the cause and has full discretion on when to schedule make-up work. Students should be aware that internet/power outages typically do not count as a "serious cause" since most work is available for completion for several days.
5. **Extra Credit**: The instructor reserves the right to extend extra credit assignments to the class. Extra credit is not a part of the regular class grade. It is offered solely at the discretion and goodwill of the instructor.

Assessments

Assessments

1. Students must demonstrate their dedication to social responsibility by participating in a class discussion that focuses on state public policy.
2. Students must demonstrate their ability to think critically by participating in a class discussion on federalism.
3. Students must demonstrate their ability to reasonably communicate by participating in a class discussion over the branches of the government.
4. Students must demonstrate their personal responsibility skills by participating in a class discussion over voting and elections.
