

VNSG 1304 - Foundations in Nursing Course Syllabus

Description

Introduction to the nursing profession including history, standards of practice, legal and ethical issues, and role of the vocational nurse. Topics include mental health, therapeutic communication, cultural and spiritual diversity, patient preference, nursing process using clinical judgement model, and holistic awareness.

Prerequisites Admission to VN program

Corequisites [VNSG 1400](#), 1304, 1231

Credits 3

Lecture Hours 3

Lab Hours 0

Extended Hours 0

Contact Hours 48

State Approval Code 51.3901

Instructor Name Ideria Garrett MSN-PH, RN

Semester/Year Spring 2025

Meeting Time and Location

Tuesday 12:00 pm - 3:00 pm

Shelby College Center Room # 111

Alternate Operations During Campus Closure

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Panola College to move to altered operations. During this time, Panola College may opt to continue delivery of instruction through methods that include, but are not limited to: online learning management system (CANVAS), online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor Panola College's website (www.panola.edu) for instructions about continuing courses remotely, CANVAS for each class for course-specific communication, and Panola College email for important general information.

Student Basic Needs

Unexpected circumstances may arise, but Panola College offers various resources to support students. If you need mental health services or are facing challenges with transportation, affording class materials and supplies, or accessing food regularly—issues that may impact your class performance—please visit panola.edu/resources.

Class Attendance

Regular and punctual attendance of classes and laboratories is required of all students. When a student has been ill or absent from class for approved extracurricular activities, he or she should be allowed, as far as possible, to make up for the missed work. If a student has not actively participated by the census date, they will be dropped by the instructor for non-attendance. This policy applies to courses that are in-person, online, hybrid, and hyflex.

Attendance in online courses is determined by submission of an assignment or participation in an activity. According to federal guidelines, simply logging into a distance learning course without participating in an academic assignment does not constitute attendance. Distance learning is defined as when a majority (more than 50%) of instruction occurs when the instructor and students are in separate physical locations. Students must engage in an academic activity prior to the course census date.

When an instructor feels that a student has been absent to such a degree as to invalidate the learning experience, the instructor may recommend to the Vice President of Instruction that the student be withdrawn from the course. Instructors may seek to withdraw students for non-attendance after they have accumulated the following number of absences:

Fall or spring semesters:

3 or more class meeting times per week - 5 absences

2 class meeting times per week - 3 absences

1 class meeting per week - 2 absences

The student is responsible for seeing that he or she has been officially withdrawn from a class. A student who stops attendance in a class without officially withdrawing from that class will be given a failing grade; consequently, the student must follow official withdrawal procedures in the Admissions/Records Office.

Please note: Health Science and Cosmetology courses may require more stringent attendance policies based on their accreditation agencies. Please see the addendum and/or program handbook for further information concerning attendance.

Pregnant/Parenting Policy

Panola College welcomes pregnant and parenting students as a part of the student body. This institution is committed to providing support and adaptations for a successful educational experience for pregnant and parenting students. Students experiencing a need for accommodations related to pregnancy or parenting will find a Pregnancy and Parenting Accommodations Request form in the Student Handbook or may request the form from the course instructor.

Artificial Intelligence (AI) Course Policy

Use of generated AI Permitted under some classroom circumstances with permission.

There are situations throughout the course where you may be asked to use artificial intelligence (AI) tools to explore how they can be used. Outside of those circumstances, you should not use AI tools to generate content that will end up in any student work (assignments, activities, discussion responses, etc.). In such cases for Option #2, no more than 25% of the student work should be generated by AI. Use of any AI-generated content in this course without the instructor's consent qualifies as academic dishonesty and violates Panola College's standards of academic integrity.

Instructional Goals and Purposes

The purpose of this course to assist the student to make the professional and personal adjustments necessary to become a vocational nurse.

Learning Outcomes

1. Identify roles and legal ethical and professional responsibilities of a vocational nurse as a member of the health care team in a variety of health care settings.
2. Identify characteristics of a therapeutic nurse/patient relationship.
3. Examine positive nurse/patient mental health practices emphasizing cultural and spiritual diversity, and patient preference
4. Relate the history of nursing to the present day.
5. Describe the components of the nursing process using clinical judgement model.

Specific Course Objectives (includes SCANS)

After studying all materials and resources presented in the course, the student will be able to:

1. Identify legal ethical and professional responsibilities of the vocational nurse as a member of the health care team in a variety of health care settings. (SCANS 1; a; i, ii, iii, iv, v, b; i, ii, iii, iv, v, vi, c; i, v, 2; a; i, b; i, ii, iii, iv, v, vi, c; i, ii, iii, iv, d; i, ii, iii, e; i, ii)
2. Examine the role of the vocational nurse to provide holistic care in a variety of health care settings using evidence-based practices and clinical judgment. (SCANS 1; a; i, ii, iii, iv, v, b; i, ii, iii, iv, v, vi, c; i, v, 2; a; i, b; i, ii, iii, iv, v, vi, c; i, ii, iii, iv, d; i, ii, iii, e; i, ii)

3. Apply standard of professional vocational nursing practice to legal and ethical issues in a variety of health care settings. (SCANS 1; a; i, ii, iii, iv, v, b; i, ii, iii, iv, v, vi, c; i, v, 2; a; i, b; i, ii, iii, iv, v, vi, c; i, ii, iii, iv, d; i, ii, iii, e; i, ii)
4. Identify the role of the vocational nurse through history and the impact of history on present day nursing practice. (SCANS 1; a; i, ii, iii, iv, v, b; i, ii, iii, iv, v, vi, c; i, v, 2; a; i, b; i, ii, iii, iv, v, vi, c; i, ii, iii, iv, d; i, ii, iii, e; i, ii)
5. Identify characteristics of a therapeutic nurse/patient relationship through use of therapeutic communication and therapeutic relationship. (SCANS 1; a; i, ii, iii, iv, v, b; i, ii, iii, iv, v, vi, c; i, v, 2; a; i, b; i, ii, iii, iv, v, vi, c; i, ii, iii, iv, d; i, ii, iii, e; i, ii)
6. Examine positive nurse/patient mental health practices emphasizing cultural and spiritual diversity and patient preference. (SCANS 1; a; i, ii, iii, iv, v, b; i, ii, iii, iv, v, vi, c; i, v, 2; a; i, b; i, ii, iii, iv, v, vi, c; i, ii, iii, iv, d; i, ii, iii, e; i, ii)
7. Describe the components of the nursing process for problem solving in vocational nursing care and practice. (SCANS 1; a; i, ii, iii, iv, v, b; i, ii, iii, iv, v, vi, c; i, v, 2; a; i, b; i, ii, iii, iv, v, vi, c; i, ii, iii, iv, d; i, ii, iii, e; i, ii)

Course Content

A general description of lecture/discussion topics included in this course are listed in the Learning Objectives / Specific Course Objectives sections of this syllabus.

Students in all section of this course will learn the following content:

- History of Nursing
- Health Care System/ Health Care Settings
- Legal and ethical issues
- Nursing Process using clinical reasoning/clinical judgment model
- Evidence Based Practice
- Health promotion for mental wellness, prevention of illness, and reduction of stress
- Therapeutic Communication/therapeutic relationship
- Documentation
- Patient Education
- Holistic Awareness
- Cultural Diversity/patient preference
- Spiritual Diversity
- Role of Vocational Nurse
- Standards of Practice

Students in all sections of this course will be required to do the following:

1. Complete required reading and posted assignments on Canvas prior to the start of the scheduled class or lab.
2. Attend and participate in all classroom, simulation, and lab learning activities.
3. Comply with all rules and regulations as outlined in the current Vocational Nursing Student Handbook, Panola College Catalog and Pathfinder.
4. In the event of an emergency or announced campus closure due to a natural disaster or pandemic and instruction changes to follow alternate operations, students may be required to join and participate in ZOOM classes at scheduled class time for the semester. Students will complete and submit all online assignments as instructed through the Canvas course.

Methods of Instruction/Course Format/Delivery

The course offered includes face-to-face class, simulation and learning labs. Methods of instruction include class discussion, internet resources, computer assistive instruction, independent study, case studies, videos, lecture, group assignments, role-play, quizzes, guest speakers, library and internet research, study guides, written assignments, and exams.

Major Assignments/Assessments

The following items are assigned and assessed during the semester and used to calculate the student's final grade.

Assignments

Weekly assignment will be posted on Canvas and must be completed and submitted by the posted due dates. Assignments can include quizzes, discussions, computer assisted instruction assignments, study guides, case studies, patient reviews, NCLEX question assignments, and projects.

Assessments

- Exam 1
- Exam 2
- Exam 3
- Exam 4
- Exam 5

Course Grade

The grading scale for this course is as follows:

A = 90-100; B = 80-89; C = 75-79; F = 74.99 or below

NO ROUNDING OF GRADES WILL OCCUR

- 5 exams (90% of grade.)
 - **Test average must be equal to or greater than 75 regardless of the overall course grade in order to pass this course**
- Assignment/Quizzes Average (10% of grade)

Objectives that must be met for passing VNSG 1604:

- Overall course grade is equal to or greater than 75%
- 5 Content exam average is equal to or greater than 75%

Test Review

1. Students who achieve less than 75% on an exam are encouraged to schedule an appointment with the instructor to review the exam within one week of distribution of scores. **This is a student responsibility.**
2. A student may make an appointment with the instructor to review the exam prior to taking the next scheduled exam.
3. Exam are constructed from a random sample of the material from the course and will be presented in the form of a NCLEX-Style item. Refer to the National Council of State Boards of Nursing, Inc. website (Next Generation NCLEX) for more information regarding the NCLEX Item Formats.

Texts Materials, and Supplies

- Williams: Fundamental Concepts and Skills for Nursing (6E)
- Study Guide, Williams: Fundamental Concepts and Skills for Nursing (6E)
- Simulation Learning System – LPN, Elsevier
- Carroll & Collier: Success in Practical/Vocational Nursing From Student to Leader 10E
- NCLEX-PN Exam EAQ, 4E, Elsevier
- Other materials accessible on the Canvas Course

Required Readings

All required readings and recommended readings will be posted on your CANVAS course each week.

Recommended Readings

All required readings and recommended readings will be posted on your CANVAS course each week.

Addendum

Welcome to Foundations of Nursing. This course is an introduction to the nursing profession. Time and Place: Tuesday from 12:00 pm – 3:00 pm in room 111 on the Shelby County Center. We will start promptly. Assignment grades will include but are not limited to quizzes, discussions, group activities, special projects/presentations, and Sherpath assignment. Your educational material will consist of information from Success in Practical/Vocational Nursing e-book, your Fundamentals of Nursing e-book, and Sherpath in Evolve. Bring an electronic device of your choice to class with the capabilities to access the required material. Note that personal cell phones limit the resources available to you. No late assignments will be accepted. Reach

out to me via email if you will be absent. Refer to the handbook to view the policy related to guidelines pertaining to absences. All major exams will be given on campus in Exemplify. I will communicate with the class through Canvas. Be sure to check the announcements daily. If you need to meet with me, please schedule an appointment via email with the date and time attached. A response will be sent to you confirming your request. Please be sure to be prepared when you come to class. I am looking forward to having a great semester!

Ideria Garrett MSN-PH, RN

Other

- Courses conducted via video conferencing may be recorded and shared for instructional purposes by the instructor.
- For current texts and materials, use the following link to access bookstore listings: <https://www.panolacollegestore.com>.
- For testing services, use the following link: <https://www.panola.edu/student-services/studentsupport/academic-testing-center>.
- If any student in this class has special classroom or testing needs because of a physical learning or emotional condition, please contact the ADA Student Coordinator in Support Services located in the Charles C. Matthews Student Center or go to <https://www.panola.edu/studentservices/student-support/disability-support-services> for more information.
- Withdrawing from a course is the student's responsibility. Students who do not attend class and who do not withdraw will receive the grade earned for the course.
- Student Handbook: <https://www.panola.edu/> (located on at the bottom under student)

SCANS Criteria

1. Foundation skills are defined in three areas: basic skills, thinking skills, and personal qualities.
 - a. Basic Skills: A worker must read, write, perform arithmetic and mathematical operations, listen, and speak effectively. These skills include:
 - i. Reading: locate, understand, and interpret written information in prose and in documents such as manuals, graphs, and schedules.
 - ii. Writing: communicate thoughts, ideas, information, and messages in writing, and create documents such as letters, directions, manuals, reports, graphs, and flow charts.
 - iii. Arithmetic and Mathematical Operations: perform basic computations and approach practical problems by choosing appropriately from a variety of mathematical techniques.
 - iv. Listening: receive, attend to, interpret, and respond to verbal messages and other cues.
 - v. Speaking: Organize ideas and communicate orally.
 - b. Thinking Skills: A worker must think creatively, make decisions, solve problems, visualize, know how to learn, and reason effectively. These skills include:
 - i. Creative Thinking: generate new ideas.
 - ii. Decision Making: specify goals and constraints, generate alternatives, consider risks, and evaluate and choose the best alternative.
 - iii. Problem Solving: recognize problems and devise and implement plan of action.
 - iv. Visualize ("Seeing Things in the Mind's Eye"): organize and process symbols, pictures, graphs, objects, and other information.
 - v. Knowing How to Learn: use efficient learning techniques to acquire and apply new knowledge and skills.
 - vi. Reasoning: discover a rule or principle underlying the relationship between two or more objects and apply it when solving a problem.
 - c. Personal Qualities: A worker must display responsibility, self-esteem, sociability, self management, integrity, and honesty.
 - i. Responsibility: exert a high level of effort and persevere toward goal attainment.
 - ii. Self-Esteem: believe in one's own self-worth and maintain a positive view of oneself.
 - iii. Sociability: demonstrate understanding, friendliness, adaptability, empathy, and politeness in group settings.

- iv. Self-Management: assess oneself accurately, set personal goals, monitor progress, and exhibit self-control.
 - v. Integrity and Honesty: choose ethical courses of action.
2. Workplace competencies are defined in five areas: resources, interpersonal skills, information, systems, and technology.
- a. Resources: A worker must identify, organize, plan, and allocate resources effectively.
 - i. Time: select goal-relevant activities, rank them, allocate time, and prepare and follow schedules.
 - ii. Money: Use or prepare budgets, make forecasts, keep records, and make adjustments to meet objectives.
 - iii. Material and Facilities: Acquire, store, allocate, and use materials or space efficiently. Examples: construct a decision timeline chart; use computer software to plan a project; prepare a budget; conduct a cost/benefits analysis; design an RFP process; write a job description; develop a staffing plan.
 - b. Interpersonal Skills: A worker must work with others effectively.
 - i. Participate as a Member of a Team: contribute to group effort.
 - ii. Teach Others New Skills.
 - iii. Serve Clients/Customers: work to satisfy customer's expectations.
 - iv. Exercise Leadership: communicate ideas to justify position, persuade and convince others, responsibly challenge existing procedures and policies.
 - v. Negotiate: work toward agreements involving exchange of resources, resolve divergent interests.
 - vi. Work with Diversity: work well with men and women from diverse backgrounds. Examples: collaborate with a group member to solve a problem; work through a group conflict situation, train a colleague; deal with a dissatisfied customer in person; select and use appropriate leadership styles; use effective delegation techniques; conduct an individual or team negotiation; demonstrate an understanding of how people from different cultural backgrounds might behave in various situations.
 - c. Information: A worker must be able to acquire and use information.
 - i. Acquire and Evaluate Information.
 - ii. Organize and Maintain Information.
 - iii. Interpret and Communicate Information.
 - iv. Use Computers to Process Information. Examples: research and collect data from various sources; develop a form to collect data; develop an inventory record-keeping system; produce a report using graphics; make an oral presentation using various media; use on-line computer databases to research a report; use a computer spreadsheet to develop a budget.
 - d. Systems: A worker must understand complex interrelationships.
 - i. Understand Systems: know how social, organizational, and technological systems work and operate effectively with them.
 - ii. Monitor and Correct Performance: distinguish trends, predict impacts on system operations, diagnose deviations in systems' performance and correct malfunctions.
 - iii. Improve or Design Systems: suggest modifications to existing systems and develop new or alternative systems to improve performance. Examples: draw and interpret an organizational chart; develop a monitoring process; choose a situation needing improvement, break it down, examine it, propose an improvement, and implement it.
 - e. Technology: A worker must be able to work with a variety of technologies.
 - i. Select Technology: choose procedures, tools or equipment including computers and related technologies.
 - ii. Apply Technologies to Task: understand overall intent and proper procedures for setup and operation of equipment.
 - iii. Maintain and Troubleshoot Equipment: Prevent, identify, or solve problems with equipment, including computers and other technologies. Examples: read equipment descriptions and technical specifications to select equipment to meet needs; set up and assemble appropriate equipment from instructions; read and follow directions for troubleshooting and repairing equipment.
